# St. Patrick Church Funeral Luncheon Handout

The family provides the main entrée and one side accompaniment. Three decisions are needed from the family and a call to communicate decisions. The decisions/action needed are as follows:

1. Decide how many people will attend your loved one's luncheon.
2. Decide what caterer the family will use – listed below are the ones we have worked with in the past, but if you have a favorite caterer by all means feel free to contact them.
3. Decide what main course the family will provide – sandwiches/chips, beef/potatoes, chicken/green beans etc. If family members are going to provide additional sides or dessert, please let us know so we can adjust what the church will provide.
4. Call Sharon Wuerfele at 402-570-9041with the above 3 pieces of information at least 3 days before the luncheon to begin the process. Sharon will then get the notification out to the volunteers and answer all questions.

Most caterers usually prefer 3-4 days advance notice but can do something nice within two days. Food from the caterer should be delivered by the time the funeral Mass starts. If you order rolls, most require you to order butter as well. Caterer options that have been used in the past include:
